Without limiting the generality of the foregoing, you (or your own provider group as applicable) are solely responsible for all billings and collections from patients and other consumers, and HealthBook+ shall have no liability to you as the Provider or any End-User, or third party whatsoever with respect to any amounts owed by any patient or other consumer to Provider.

HealthBook+ does not provide any medical advice, legal advice, or representations in any way regarding any legal or medical or healthcare issues associated with Provider including but not limited to any compliance obligations or steps necessary to comply with any state or federal laws and regulations. Provider should seek legal counsel regarding any legal and compliance issues, and must not rely on any materials or content associated with the Services in determining Provider’s compliance obligations under law. Provider and HealthBook+ agree that HealthBook+ is not providing, to the End-Users or anyone else, medical advice or legal advice.

Provider will use the Application and the Services only in accordance with applicable standards of good medical or healthcare practice. While software products such as the Application and Services can facilitate and improve the quality of service that Provider can offer patients, many factors, including the provider-patient relationship, can affect a patient outcome, and with intricate and interdependent technologies and complex decision-making it is often difficult or impossible to accurately determine what the factors were and in what proportion they affected an outcome. Provider shall be solely responsible for its use of the Application and Services, and the provision of medical or healthcare services to Provider’s patients. In this regard, Provider releases HealthBook+ and waives any and all potential claims against HealthBook+ as a result of Provider’s use of the Application and Services, and the provision of services to Provider’s patients.

**As a result of the complexities and uncertainties inherent in the patient care process, Provider agrees to defend, indemnify and hold HealthBook+ harmless from any claim by or on behalf of any patient of Provider, or by or on behalf of any other third party or person claiming damage by virtue of a familial or financial relationship with such a patient, which is brought**

**against HealthBook+, regardless of the cause if such claim arises for any reason whatsoever, out of Provider's use or operation of the Application and Services.** Provider will obtain HealthBook+'s prior written consent to any settlement or judgment in which Provider agrees to any finding of fault of HealthBook+ or defect in the Application or Services. HealthBook+ will promptly notify Provider in writing of any claim subject to this indemnification, promptly provide Provider with the information reasonably required for the defense of the same, and grant to Provider exclusive control over its defense and settlement.

If you submit, upload, transmit, or post any consents, notices, advice, recommendations, comments, files, videos, images or other materials to us or the Application ("Provider Content") or provide any Provider Content to patients or other consumers, you agree not to provide any Provider Content that (1) is defamatory, abusive, libelous, unlawful, obscene, threatening, harassing, fraudulent, pornographic, or harmful, or that could encourage criminal or unethical behavior, (2) violates or infringes the privacy, copyright, trademark, trade dress, trade secrets or intellectual property rights of any person or entity, or (3) contains or transmits a virus or any other harmful component. Provider is solely responsible for obtaining all necessary agreements and consents from, and providing all required notices to, patients and other consumers that are End-Users. You agree not to contact other End-Users through unsolicited e-mail, telephone calls, mailings or any other method of communication. You represent and warrant to HealthBook+ that you have the legal right and authorization to upload all Provider Content at the Application. HealthBook+ shall have a royalty-free, irrevocable, transferable right and license to use the Provider Content however HealthBook+ desires, including without limitation, to copy, modify, delete in its entirety, adapt, publish, translate, create derivative works from or sell or distribute such Provider Content or incorporate such Provider Content into any form, medium, or technology throughout the world in accordance with applicable law. HealthBook+ is and shall be under no obligation (1) to maintain any Provider Content in confidence except as required by law; (2) to pay to you any compensation for any Provider Content; or (3) to respond to any Provider Content.

HealthBook+ does not regularly review Provider Content but does reserve the right (but not the obligation) to monitor and edit or remove any Provider Content submitted to the Application. You grant HealthBook+ the right to use the name that you submit in connection with any Provider Content. You agree not to use a false email address, impersonate any person or entity, or otherwise mislead as to the origin of any Provider Content. You are and shall remain solely responsible for the content of any Provider Content you post to the Application or provide. HealthBook+ and its affiliates shall have no responsibility and assume no liability for any Provider Content submitted by you or any third party.

3. To provide data aggregation services to you as permitted by the Privacy Rule. This will include, for example, using your PHI to prepare analyses and reports such as activity or quality-metrics reports.

You agree that we may use, disclose, market, license and sell such de-identified information for any purpose without restriction, and that you have no interest in such information, or in the proceeds of any sale, license, or other commercialization thereof. You hereby authorize us to enter into Data Use Agreements on your behalf for the use of the Limited Data Sets, in accordance with HIPAA and other applicable law.

In creating, receiving, maintaining, or transmitting PHI on your behalf in accordance with this Agreement, we will:

1. Not use or disclose PHI except as permitted or required by this Agreement or as required by law (as such term is defined in 45 CFR § 164.103);

4. In accordance with 45 CFR §§ 164.502(e)(1)(ii) and 164.308(b)(2), as applicable, ensure that any subcontractors that create, receive, maintain or transmit PHI on our behalf agree to substantially the same restrictions and conditions that apply to us with respect to such PHI (it being understood, for the avoidance of doubt, that other users of the Services are not our subcontractors);
5. Make available to you your PHI in furtherance of your obligations under 45 CFR § 164.524;
6. Make available to you your PHI in furtherance of your obligations to amend and incorporate any amendments to such information in accordance with 45 CFR § 164.526;

7. Document and make available to your information necessary for you to provide an accounting of disclosures in accordance with 45 CFR § 164.528;
8. To the extent that we are to carry out your obligations under the Privacy Rule, comply with the requirements of the Privacy Rule that apply to you in the performance of such obligations;
9. Make our internal practices, books, and records relating to the use and disclosure of PHI received from, or created or received by us on your behalf, available to the Secretary of the United States Department of Health and Human Services for purposes of determining your compliance with the Privacy Rule; and
10. At termination of this Agreement we will provide you with a copy of your PHI in an electronic form that is accessible through commercially available hardware and software. You may have to purchase such hardware and software from third parties in order to access your PHI, and you may have to configure your systems in order to use your PHI in your practice. Upon termination we will, if feasible, return or destroy all PHI received from, or created or received by us on your behalf that we still maintain in any form, and retain no copies of such information; or, if such return or destruction is not feasible (whether for technical, legal, regulatory or operational reasons), extend the protections of this Agreement to the information and limit further uses and disclosures to those purposes that make the return or destruction of the information infeasible.

#### **Your Responsibilities with Respect to PHI**

You are solely responsible for affording individuals their rights with respect to relevant portions of PHI, such as the rights of access, amendment, and accounting of disclosures. You will not undertake to afford an individual any rights with respect to information in the Services other than your PHI.

We apply the standards of the Privacy Rule in permitting access to the Services. You acknowledge that other federal and state laws impose additional restrictions on the use and disclosure of certain types of health information, or health information pertaining to certain classes of individuals. You agree that you are solely responsible for ensuring that your PHI may properly be disclosed for the purposes set forth in this Agreement, subject to the restrictions of the Privacy Rule and applicable law, including those laws that may be more restrictive than the Privacy Rule. In particular, you will: (i) not make available to other users through the Services any information in violation of any restriction on use or disclosure (whether arising from your agreement with such users or under law); (ii) obtain all necessary consents, authorizations, or releases from individuals required for making their health information available through the Services for the purposes set forth herein; (iii) include such statements (if any) in your notice of privacy practices as may be required in connection with your use of the Services; and (iv) not place in the Services any information that you know or have reason to believe is false or materially inaccurate.

You shall notify us of: (i) any limitations(s) in your notice of privacy practices in accordance with 45 CFR § 164.520 to the extent that such changes may affect our use or disclosure of Protected Health Information; (ii) any changes in, or revocation of, permission by Individual to use or disclose Protected Health Information, to the extent that such changes may affect our use or disclosure of Protected Health Information; and (iii) any restriction to the use or disclosure of Protected Health Information that you have agreed to in accordance with 45 CFR § 164.522, to the extent that such restriction may affect our use or disclosure of Protected Health Information.

You agree that you will not request that we use or disclose Protected Health Information in any manner that would not be permissible under the Privacy Rule if done by you.

You agree to comply with those security obligations identified in the Agreement, and to implement, purchase, or maintain appropriate safeguards as required for you to comply with the Security and Privacy rules as applicable to you.

## **Payments**

You can purchase Services by paying a yearly or monthly subscription fee provided to you at the time of your subscription. By purchasing a Service, you agree to an initial and recurring fee, as well as any sales or similar taxes that may be imposed on your payments, and you accept responsibility for all recurring charges until you cancel your subscription. The applicable fee and taxes will be charged to your credit card on the date your membership is created and every billing period thereafter, on the day corresponding to the monthly commencement of your membership (the "Membership Anniversary Day"). If your Membership Anniversary Day, the date of expiry of your current billing period, does not exist in a particular month (because your Membership Anniversary Day is the 29th, 30th or the 31st of the month) then we will charge your credit card on the last day of that month. If you enroll to make recurring payments automatically, all charges and fees will be billed to the credit card you designate during the setup process. If you want to designate a different credit card or if there is a change in your credit card, you must change your information online. This may temporarily delay your ability to make online payments while we verify your new payment information.

You represent and warrant that if you are making online payments that (i) any credit card, debit card and bank account information you supply is true, correct and complete, (ii) charges incurred by you will be honored by your credit/debit card company or bank, (iii) you will pay the charges incurred by you in the amounts posted, including any applicable taxes, and (iv) you are the person in whose name the card was issued and you are authorized to make a purchase or other transaction with the relevant credit card and credit card information.

Your payment to HealthBook+ will automatically renew at the end of the subscription period, unless you cancel through your subscription page before the end of the current subscription period. You may cancel your membership at any time by providing ninety days written notice to HealthBook+ at [CS@healthbookplus.com](mailto:CS@healthbookplus.com). Please have available and/or include the account or email associated with your account if you cancel by email. If you do not include such information in your email, then you acknowledge and accept that your cancellation may be delayed or not accepted. The cancellation will take effect the day after the last day of the current subscription period, and you will be downgraded to the standard non-subscription service. However, if you cancel your payment or Service and/or terminate any of these Terms of Use before the end of the current subscription period, we will not refund any subscription fees already paid to us. If you are a California based subscriber, you may cancel your subscription, without penalty or obligation, at any time prior to midnight of the third business day following the date you subscribed.
